

# Adil Yakdi

## Full-Stack Developer

Full-stack developer specializing in JavaScript with 2 years of experience, I have designed, developed, and maintained web applications both independently and collaboratively within agile teams.

 Portfolio  GitHub  LinkedIn  Mail  +33 6 95 90 86 83

## EXPERIENCE

### CHABÉ | FULL-STACK DEVELOPER

September 2023 – Today | Nanterre, France

- Design and development of a subcontracting application using Next.js, Node.js, TypeScript, and Docker.
- Demonstrated features to stakeholders and managed user feedback to improve the application.
- Deployment and production of applications on Azure, including system configuration to ensure security and reliability.
- Corrective maintenance: fixing bugs and improving code quality in existing applications.
- Documentation of processes and features.
- Management and optimization of a Python script for specific tasks.
- Employed Power BI to implement and manage information from Salesforce.

## PROJETS

### ISSUE TRACKER | NEXTJS

2024

- Developed a Full Stack project from a video course, using Next.js, TypeScript, Node.js, Axios, and Prisma.
- Designed and implemented RESTful routes for user management (creation, updating, deletion).
- Used Postman to test and validate API endpoints.
- Integrated Prisma for database management and interaction.

### CRYPTO BALANCE | REACT

2023

- Developed a website to track cryptocurrency prices in real-time, along with the average value over 50 and 200 days.
- API calls (CoinGecko, AlphaVantage), DOM manipulation, and display in a table.
- Deployed the website online.

### RASPBERRY PI HOME AUTOMATION | PYTHON

2023

- Configured an operating system and installed a camera suitable for the Raspberry Pi.
- Remote connection via SSH.
- Python script to view the live video captured by the camera.

## SKILLS

### PROGRAMMING

JavaScript • TypeScript  
Python • SQL • C/C++  
HTML/CSS

### LIBRARIES/Frameworks

React (Redux) • Next.js  
Node.js • Express.js • Prisma

### TOOLS/PLATFORMS

Docker • Azure (VMs, DevOps)  
Postman • Git • Salesforce  
Power Query

### STRENGTHS

Independent • Communication  
Teamwork • Adaptable

### LANGUAGES

Bilingual English – Native language  
Arabic, Darija – In Progress

## EDUCATION

### OPENCCLASSROOMS

WEB DEVELOPER, INTEGRATOR  
September 2023 – January 2025 | Remote

### ECOLE 42

DIGITAL TECHNOLOGY ARCHITECT  
September 2021 – December 2022 | Paris
